Hanoi, 18<sup>th</sup> September 2025

**To: Mr. Iuri OFITSEROV**  
**President of the All-Russia Electric Power Trade Union**

Dear President!

On behalf of the members of the delegation and myself, please allow me to sincerely thank the President and the All-Russia Electric Power Trade Union for the warm and thoughtful reception given to the delegation of the Vietnam Electricity Trade Union during our visit and working trip to the Russian Federation from 9<sup>th</sup> September to 16<sup>th</sup> September 2025.

The members of the Vietnam Electric Power Trade Union delegation have successfully concluded their visit and work in Russia and have returned home safely. Everyone carries with them warm feelings and deep affection, unforgettable memories of the beautiful country of Russia and its warm and friendly colleagues.

Although the delegation's visit and work in Russia were brief, you arranged a rich and reasonable program that allowed everyone to carry out our official activities and visit the monument to President Ho Chi Minh as many as famous historical and cultural sites in the capital city of Moscow and the beautiful city of Saint Petersburg.

Please allow me to extend my sincere thanks to everyone who participated in the warm and thoughtful reception of the Vietnam Electric Power Trade Union delegation during our stay in Russia. I especially would like to thank Ms. Galina Shpilkina, the head of foreign relations, for her enthusiastic and friendly support, and for her attentive help to everyone throughout the delegation's stay in Russia, which significantly contributed to the success of the delegation and made the trip especially meaningful.

We highly value the effective cooperation between our trade union organizations and are very pleased to look forward to welcoming the President, Iuri OFITSEROV to visit Vietnam in 2026. We wish the President, abundant health and success in leading the All-Russian Electric Power Trade Union.

Please accept the warmest fraternal greetings!

**President**

**Vietnam Electricity Trade Union**
